

I support media diversity

Please remember that the airwaves belong to the American people. We have a right to expect better than the present content of programming. The further consolidation of ownership of stations as now proposed will only exacerbate that trend. There is a need for open, well publicized hearings all over the U.S. so that the people may know the dangers. Please take seriously the mandate of the FCC to serve the public interest. Thank you.

Sincerely,

Elaine H. Iturri
